Subject: 35th Avenue NE Update

Hello and Happy New Year,

I wanted to give you the latest information and our proposal for moving forward on 35th Ave NE.

As you know, the public outreach for the channelization of 35th is running at 68% opposed. We are inclined to propose 36th Avenue NE (up to NE 85thj) greenway as an alternative. However, last time we met with you, you were continuing to support the 35th option. We'd like to suggest that you convene a meeting in the neighborhood and talk to the folks about their concerns. We are happy to attend and answer questions as needed. Following that meeting, we could make a final decision on which route is best; we need to make the final decision by the end of February.

It might be helpful for us to come in and talk to you in person about this which we are happy to do at your convenience.

Please let me know if this is an approach that you'd like to pursue.

Thanks,

Cheryl
